

# The Settings Menu

## Language

The User can choose a Language from the list.

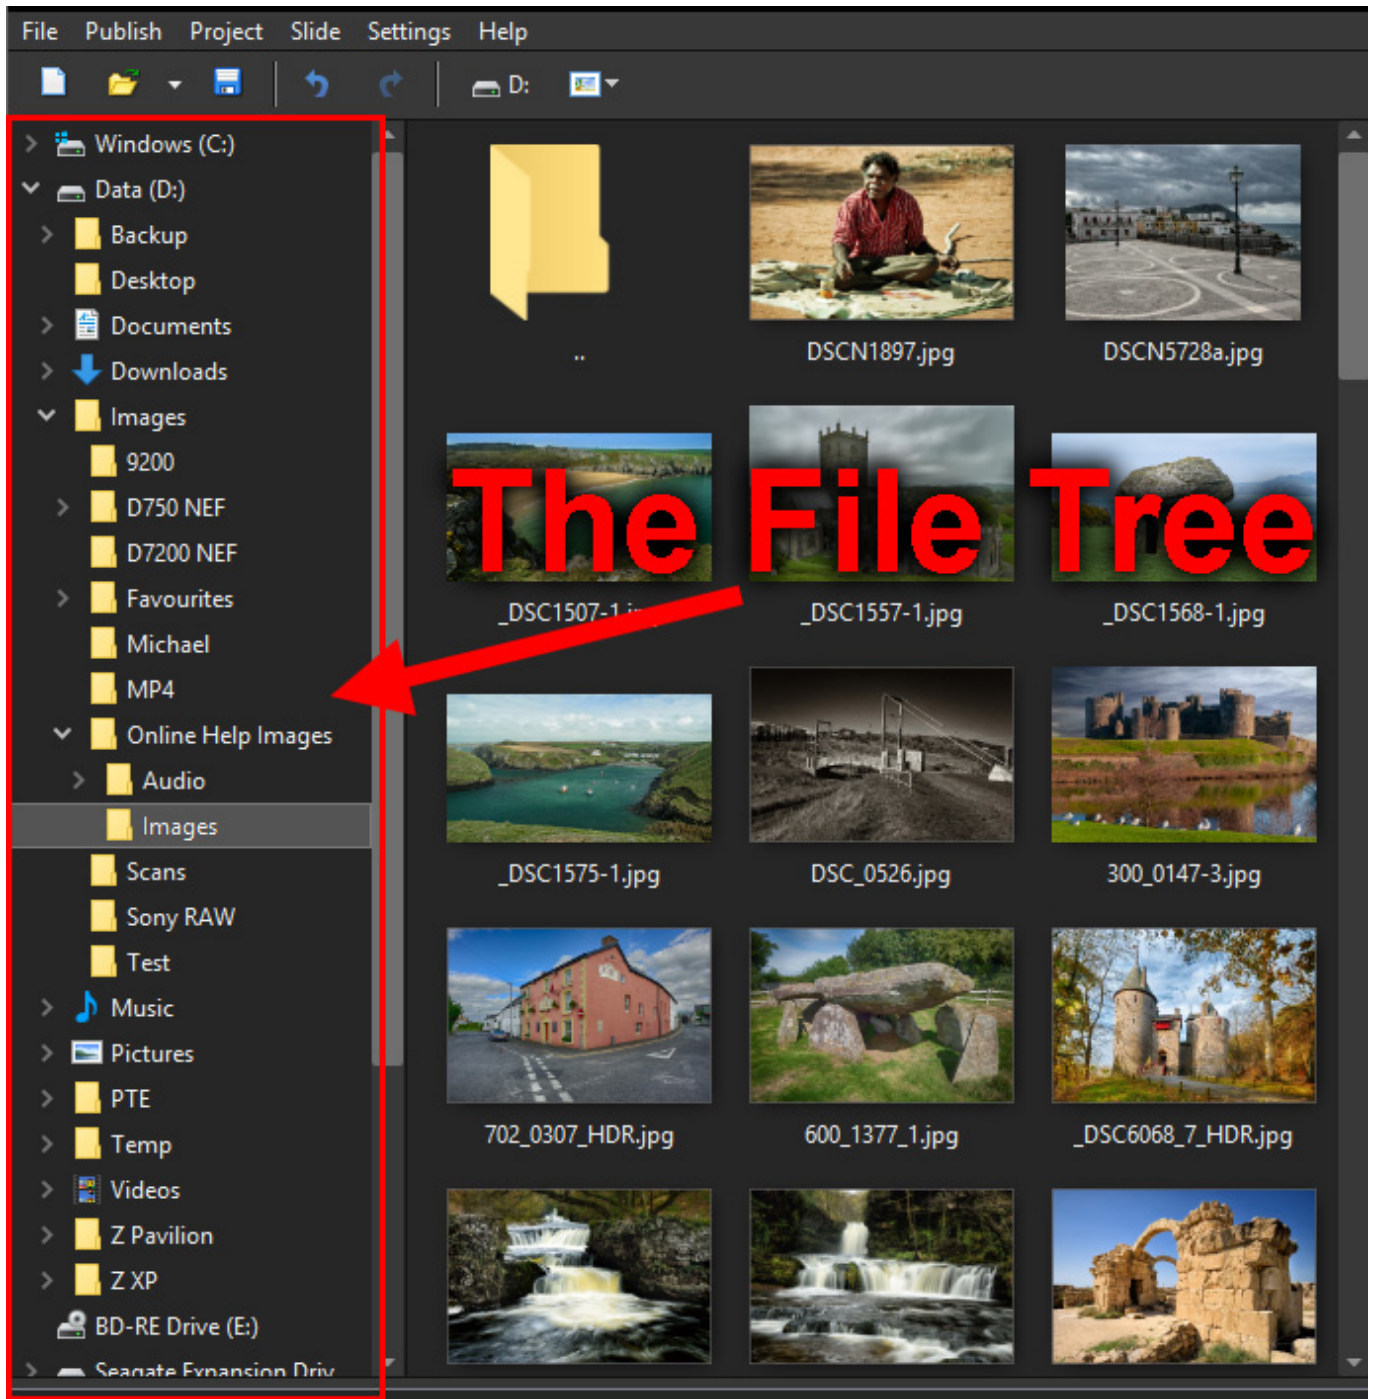

## File List Sort Order

The File List can be sorted by:

- Name (Ctrl+F4)
- Extension (Ctrl+F5)
- Date Modified (Ctrl+F6)
- Exif Date (Ctrl+F7)
- Size (Ctrl+F8)
- The order in which the Files are added to the Slide List can be reversed (e.g. A-Z or Z-A)
  - *To sort Chronologically by Exif Date Reverse Order should be Ticked*

## Show File Tree

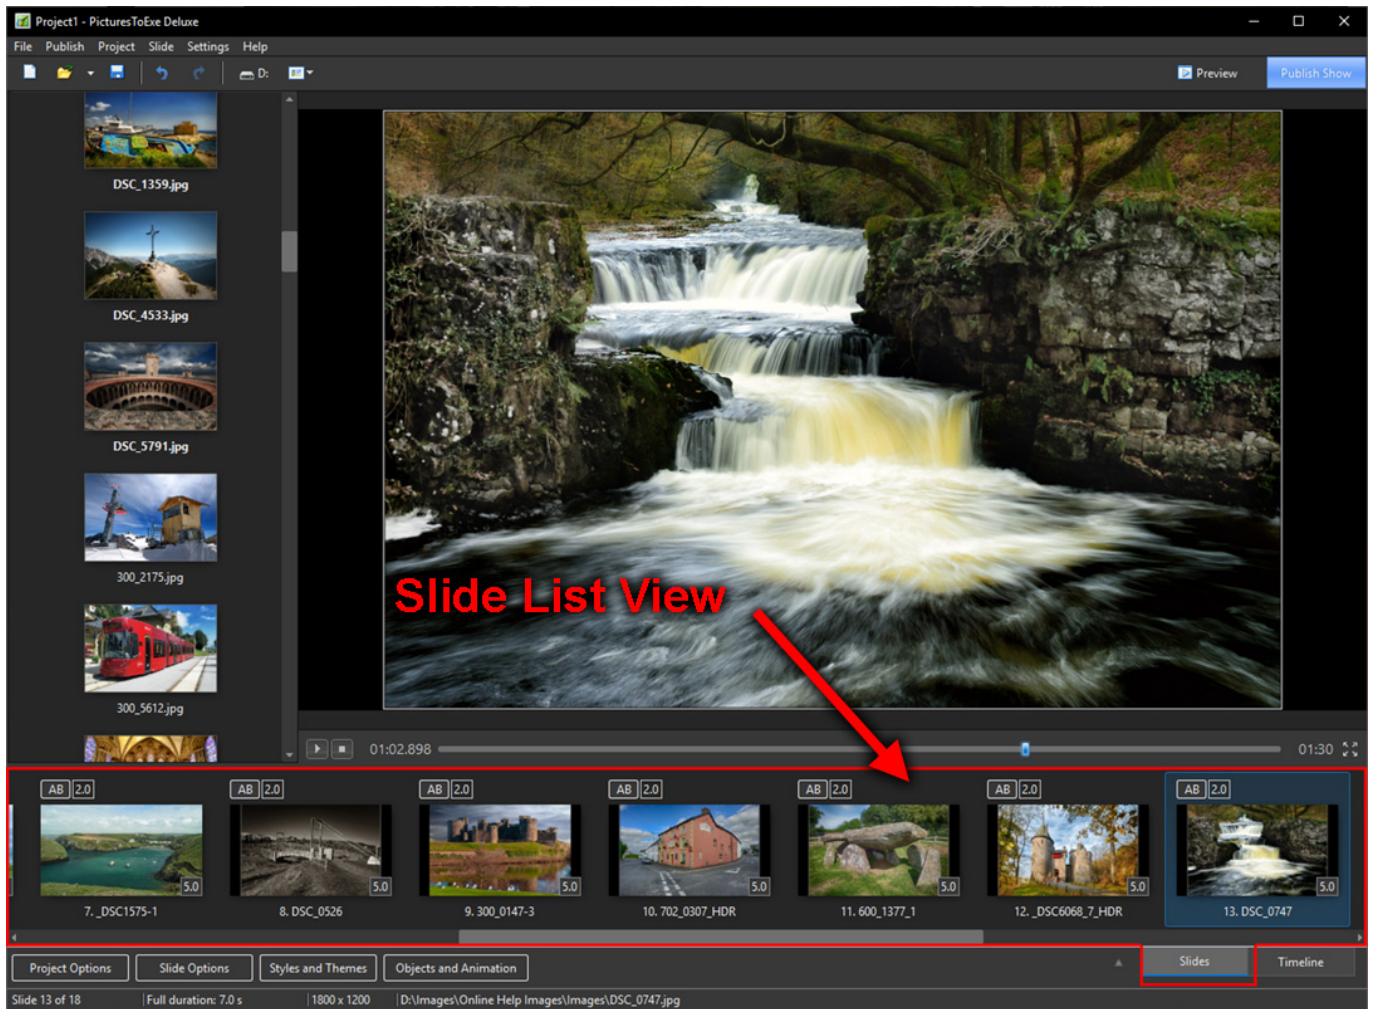

- Toggles the File Tree On and Off in the File List (Ctrl+G)

## Slide List / Timeline

Displays:

- The Slide List View

- The Timeline View (F6)

## Table View of File List

- Displays a Tabular View of the File List

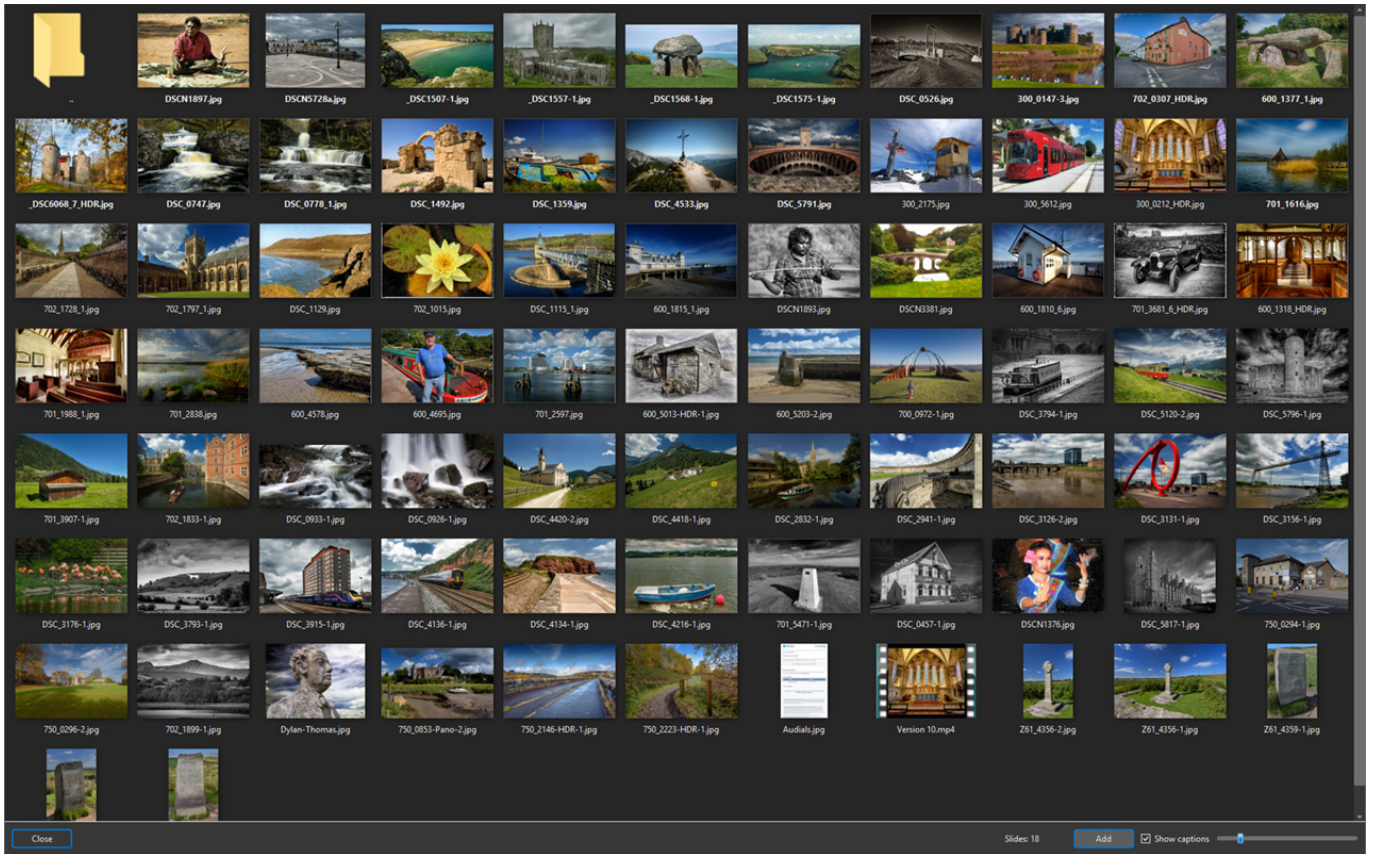

## Table View of Slide List

- Displays a Tabular View (Details) of the Slide List

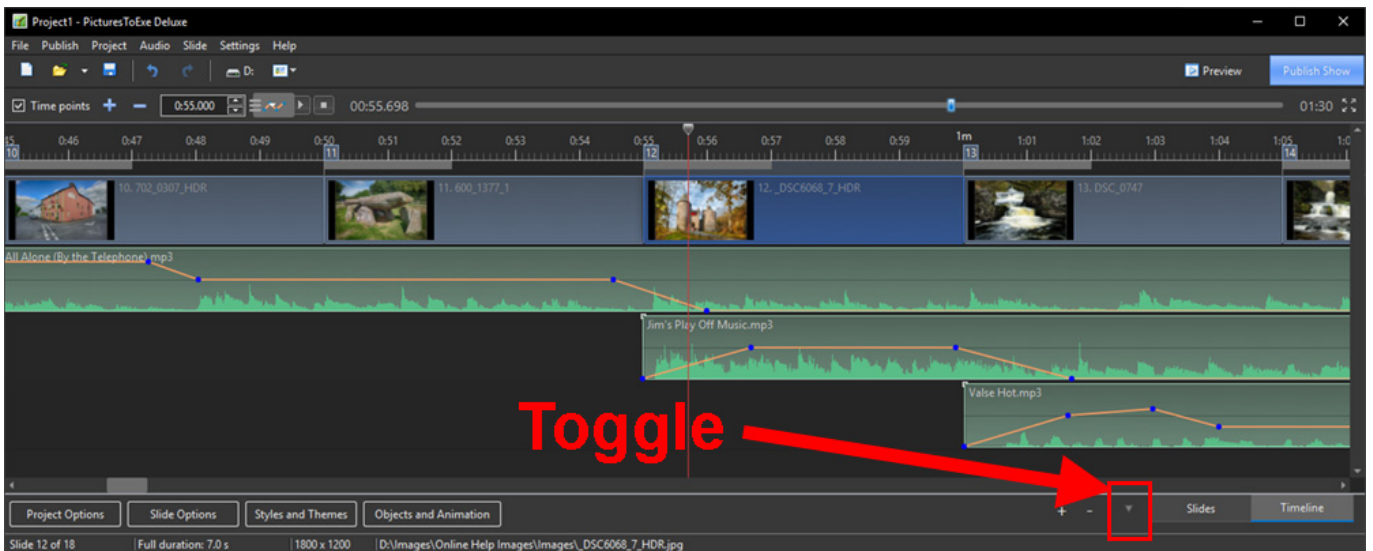

## Full Screen View of File List

- Displays the Full Screen view of the File List.
- Files can be added to the Project (the Slide List) via the Right Click Menu or the “Add” Button.
- Captions (file names) can be turned on or off.
- The slider control varies the size of the image thumbnails.

## Toggle Fullscreen

- Full Screen view of Slide List or Timeline (F4)
