

The Tools Menu

* This menu is accessed via the “Tools” button at the bottom of the Objects and Animation Editor screen.

- Two new options are provided in Version 9
- Show Global Times of Key Frames :
 - When ticked shows the Key Frame times from the beginning of the project.
 - When un-ticked, Key Frame times are show from the beginning of the slide
- Key Frame Width :
 - This enables the width/thickness of Key Frames to be adjusted.
