Project/Preferences/Slide Settings

Project, Preferences and Slide settings are three key setting options of PicturesToExe.

- **Project Settings** - control various setting parameters for each individual project or AV show
- **Preferences** - provide a range of setting parameters which can be set up as the default for all projects
- **Slide Settings** - provide a range of setting parameters which can be applied to individual slide or to a selected range of slides.

For details on Project Settings, see Project Options

For details on selecting Preferences (Main Menu/settings/Preferences), see Preferences

For details on selecting Slide Settings, see Slide Options
