

Terminology

The examples below show the placements of the various elements of the Main Screens. Please note that the placement of Tools on the various Toolbars can be configured to suit the user and might differ from the Default Tools Settings. See [Toolbars](#)

The Slides View

- The Main Menu
- The Top-Left Toolbar
- The Top-Right Toolbar
- The File Tree
- The File List
- The Slide List
- The Bottom-Left Toolbar
- The Status Bar

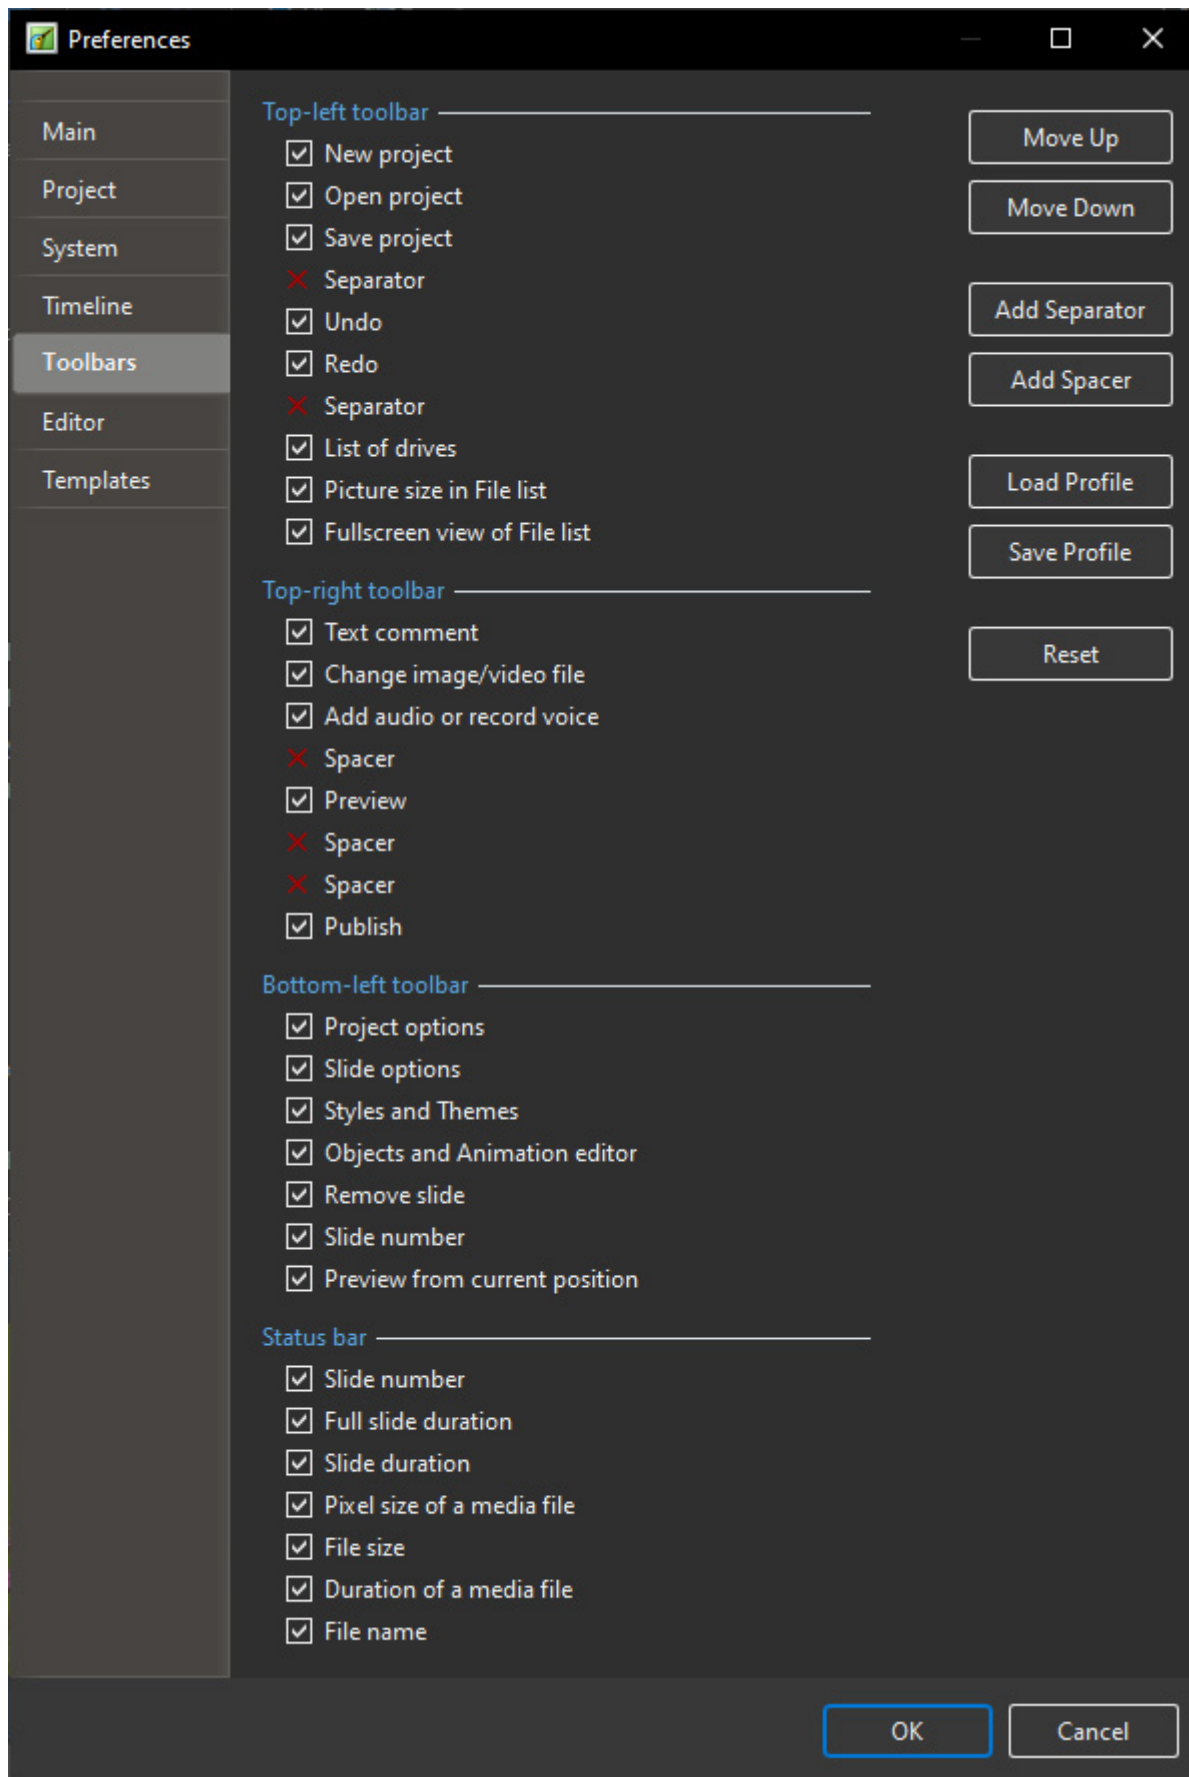

- Press "Slides" for Slide List View
- Press "Timeline" for Timeline View
- The "up" arrow will access the "Full Screen View of Slide List" in Slides Mode

The Timeline View

- The Mini Player
- The Timeline
- The Audio Tracks
- The Status Bar

- For more information on Tools and Toolbars see “Settings/Preferences/Toolbars”

- All Tools can be moved Up, Down and/or Between Tool Bars

For more information on the Slide List and adding Image Files, see

For more information on the Timeline, see

For more information on adding audio files, see
