

Add Text with EXIF and/or IPTC

Adding a text object in the O&A editor and adding metadata from EXIF/IPTC

1. Add a Text Object in Objects and Animation

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a slide with a background image of a brick archway and a text box labeled 'Text'. The Properties panel on the right is open, showing the 'Text' properties. A dropdown menu is open, listing various options for the text box, including 'Picture Name', 'Picture Name (with Extension)', 'Picture Path', 'Picture Path (with Extension)', 'Folder Name', 'Folder Path', 'Picture Width', 'Picture Height', 'Slide Number', 'Slides Count', 'Exif Info', and 'IPTC Info'. The 'Insert text template' option is highlighted in red. The timeline at the bottom shows the duration of the slide as 10.0 seconds.

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box with the content "Z61_4025-1080" is positioned on the right side of the slide. The Properties panel on the right is open, showing settings for the selected text object. The "Text" section includes fields for Name (Text1), Sharper/Smother (-100), Font Name (Arial), and a text input field containing the placeholder code "<%MainImg.FileName%>". A red box highlights this input field and the "Insert text template" dropdown menu below it. The dropdown menu lists various metadata fields such as Picture Name, Picture Path, and EXIF/IPTC info. The timeline at the bottom shows the text object starting at 0.000. The bottom status bar indicates a full duration of 10.0 s.

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box labeled 'Text1' is overlaid on the slide, containing the text 'Z61_4025-1080'. The Properties panel on the right is open, showing the text's name, font (Arial), and alignment. A context menu is open over the text box, listing various metadata fields such as 'Picture Name', 'Picture Path', and 'Exif Info'. The 'Exif Info' option is highlighted. The timeline at the bottom shows the text box starting at 0.000 seconds. The full duration of the slide is 10.0 seconds.

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box is overlaid on the image, containing the text "Z61_4025-1080". The Properties panel on the right is open, showing the following options:

- Name: Text1
- Sharper/Smother: -100
- Text: <%MainImg.FileName%>
- Font Name: Arial
- Alignment: Center
- Line spacing: 1.0
- Common: Text shadow, Transparent to selection, Show front side, Show back side, Hide child objects
- Metadata fields: Caption Writer, Object Name, Headline, Caption, Special Instructions, Author Byline, Author Title, Credit, Source, Copyright, Country, City, Sublocation, Province/State
- Metadata fields: Picture Name, Picture Name (with Extension), Picture Path, Picture Path (with Extension), Folder Name, Folder Path, Picture Width, Picture Height, Slide Number, Slides Count, Exif Info, IPTC Info

The screenshot shows the PTE AV Studio Pro interface. The main workspace displays a video slide with a background image of a brick archway in a field. A text box is overlaid on the right side of the slide, containing the following text:
Z61_4025-1080
2019:08:22
15:03:20
1620:1080
