

Add Text with EXIF and/or IPTC

Adding a text object in the O&A editor and adding metadata from EXIF/IPTC

1. Add a Text Object in Objects and Animation

2. In the Properties Tab for the Text Object, click on Insert Text Template

3. The Dropdown Menu shows the available options

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box with the content "Z61_4025-1080" is positioned on the right side of the slide. The Properties panel on the right is open, showing the text's name as "Text1" and its content as "<%MainImg.FileName%>". A dropdown menu is open, listing various metadata fields such as "Picture Name", "Picture Path", "Slide Number", and "Exif Info". The timeline at the bottom shows the text starting at 0.000 seconds. The interface includes a top toolbar, a bottom navigation bar with "Project Options", "Slide Options", "Preview", and "Tools" buttons, and a status bar indicating a "Full duration: 10.0 s".

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box with the content "Z61_4025-1080" is positioned on the right side of the slide. The Properties panel on the right is open, showing the text's name as "Text1" and its content as "<MainImg.FileName%>". A context menu is open over the text box, listing various metadata options such as "Picture Name", "Picture Path", and "Exif Info". The Exif Info option is highlighted. The timeline at the bottom shows the text box starting at 0.000 seconds. The full duration of the slide is 10.0 seconds.

The screenshot displays the PTE AV Studio Pro interface. The main workspace shows a video slide with a background image of a brick archway. A text box with the content 'Z61_4025-1080' is positioned over the image. The Properties panel on the right is open, showing settings for 'Text1'. The 'Text' field contains the placeholder code '<%MainImg.FileName%>'. A dropdown menu titled 'Insert text template' is open, listing various metadata fields such as 'Picture Name', 'Picture Path', 'Slide Number', and 'IPTC Info'. The 'IPTC Info' option is highlighted. The timeline at the bottom shows the text starting at 0.000 seconds. The full duration of the slide is 10.0 seconds.

The screenshot shows the PTE AV Studio Pro interface. The main workspace displays a video slide with a background image of a brick archway. A text box is overlaid on the slide, containing the following text:
Z61_4025-1080
2019:08:22
15:03:20
1620:1080
© DaveG

The Properties panel on the right is open, showing the 'Text' tab. A red box highlights the 'Text' field, which contains the following metadata template:
<%MainImg.FileName%>
<%MainImg.Exif.Date%>
<%MainImg.Exif.Time%>
<%MainImg.Width%><%MainImg.Height%>
<%MainImg.IPTC.Copyright%>

The Properties panel also shows other settings such as Name (Text1), Sharper/Smother (-100), Font Name (Arial), Alignment (Center), Line spacing (0), and Time range (0 - 10000).
