

Edit a Video Clip

Trimming the Start and End of a Video Clip

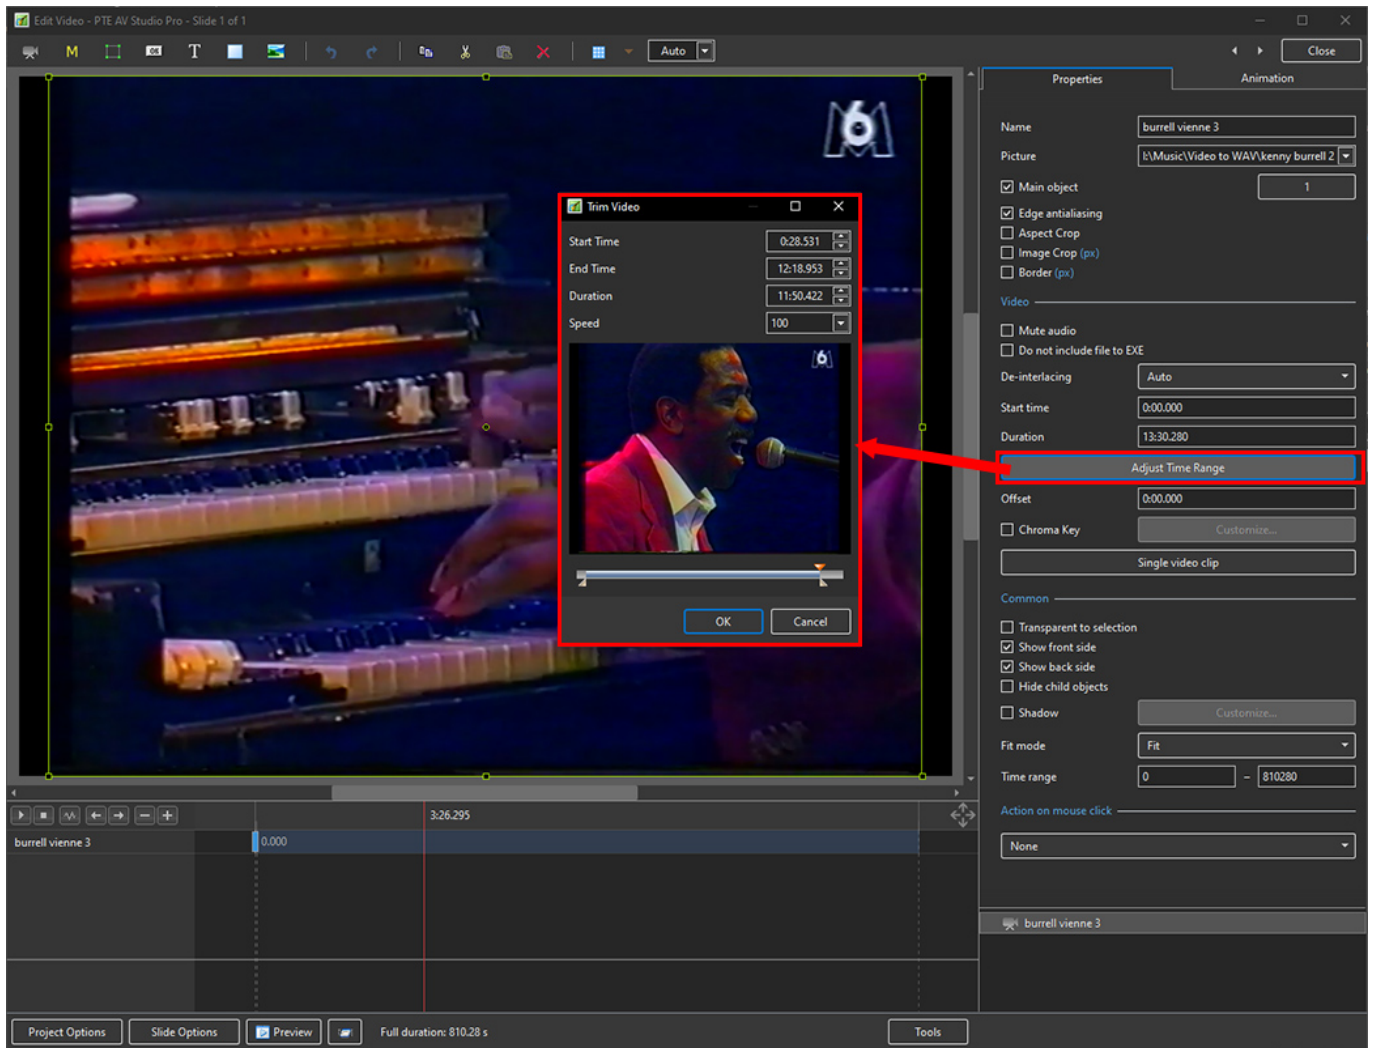

The Tools

In Objects and Animation:

- You can manually enter the times for Start Time and Duration to set the Beginning and End of a Video Clip:

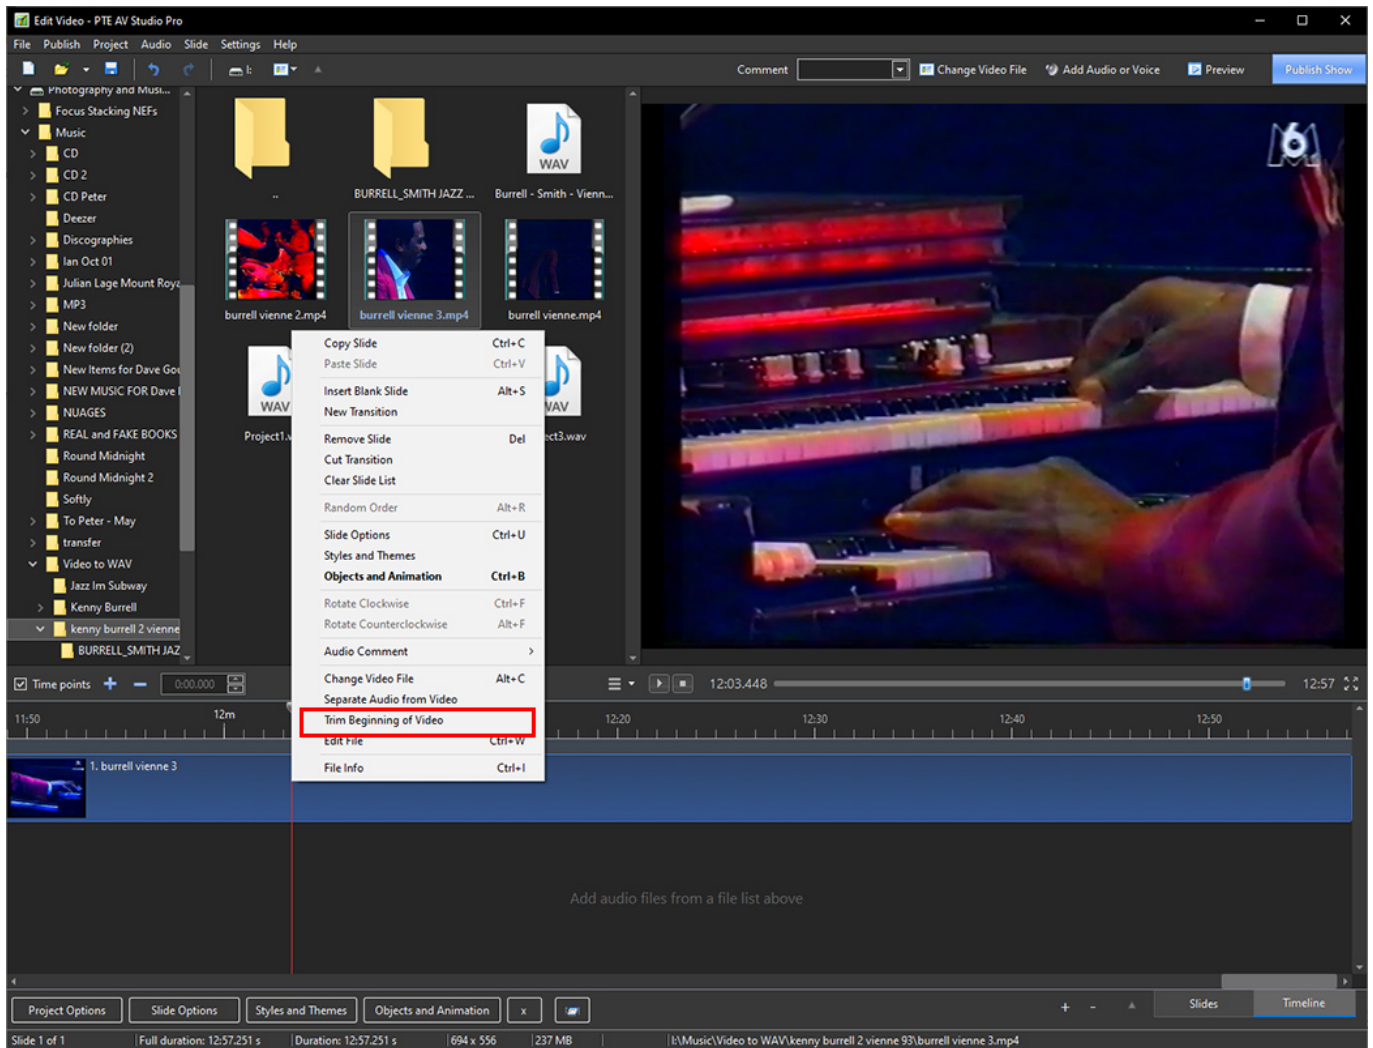

- Clicking on Adjust Time Range brings up the Trim Video window
- Adjusting the cursors will provide the Trimming of the Beginning and End of a Video Clip:

In the Timeline:

- In the Timeline:
- Move the cursor to the precise point at which the Beginning of the Video Clip is to be trimmed
- Right Click on the Cursor Line
- In the pop up menu choose Trim Beginning of Video

- In the Timeline:
- Move the cursor to the precise point at which End of the Video Clip is to be trimmed
- Hover the mouse cursor over the end of the Video Clip until the double arrow appears
- Drag the end of the Video Clip to coincide with the red line of the cursor:
