## **Applying a Style**

## To apply a Preset Style

- Drag or otherwise add an Image to the Slide List
- Open the Style Dialogue by clicking on "Slide Style"

- In the above example you are told that the Style requires one image and that you have correctly supplied one image
- It is possible to add more than one image, highlight them all and the Style will be applied to all
- The Preview Screen will show the animation/effect
- The Speed and Full Duration of the Style are interlinked and either can be used to match the Style to your desired Duration
- The Options parameter varies and is at present only available in PTE's own Preset Styles

- In the above example you are told that the Style requires six images and that you have correctly supplied six images
- Th Preview Screen will show the animation/effect
- The Speed and Full Duration of the Style are interlinked and either can be used to match the Style to your desired Duration
