

Split an Audio Clip

- The Split Audio Clip Command is new to Version 10
- It is found in the Right Click Menu for the Timeline
- Place the Cursor at the point where the Split is required

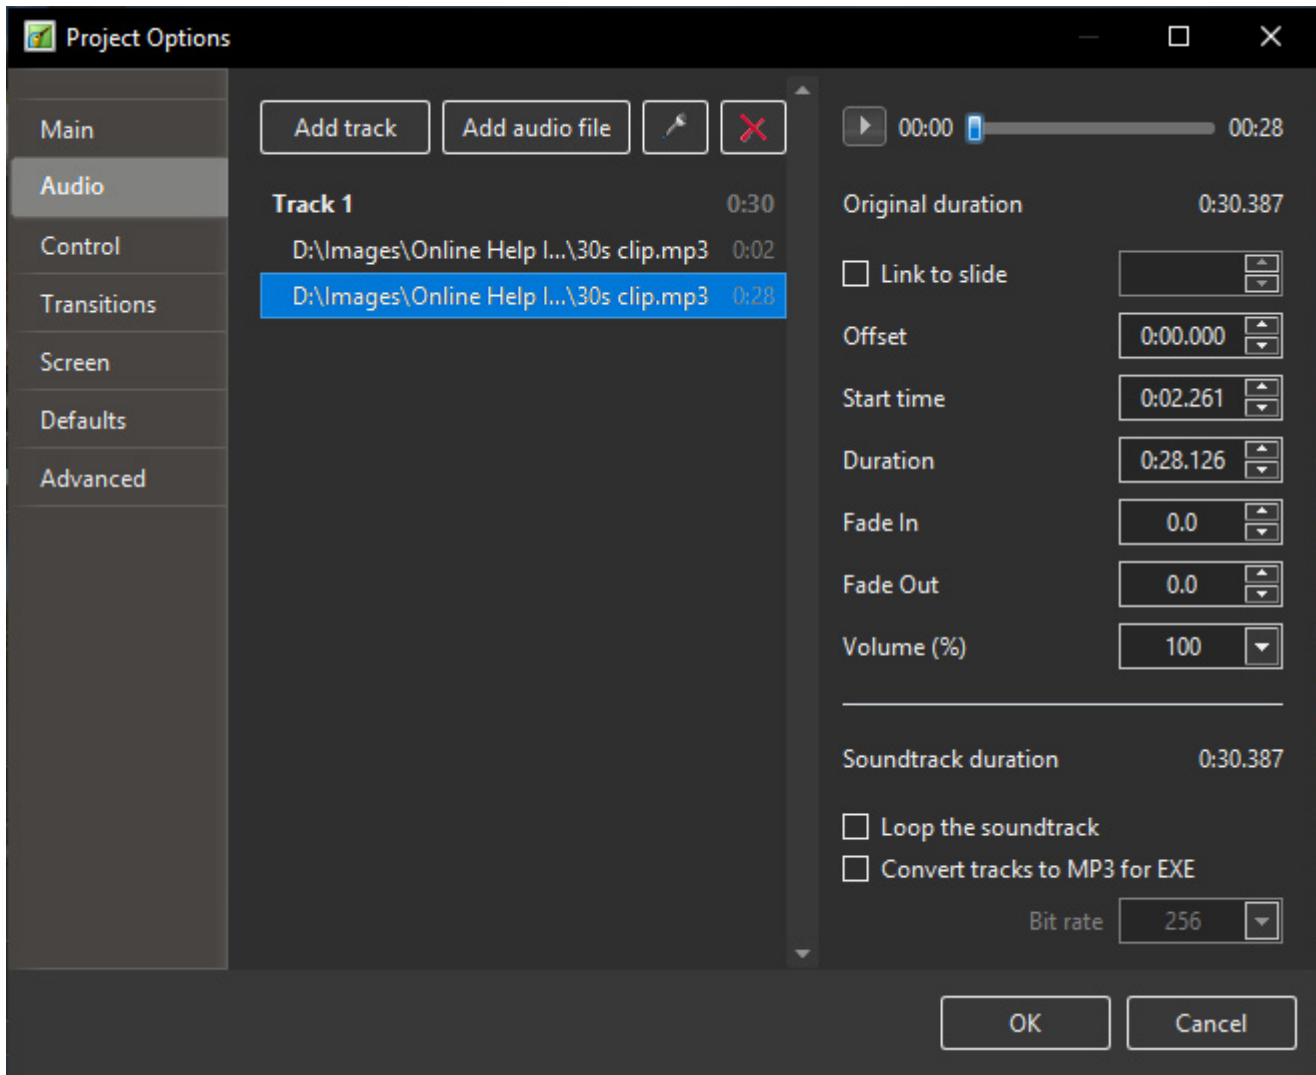

- Right Click in the Timeline / Waveform area

- Choose Split Audio Clip
- The Audio Clip is Split into two parts at the point of the Cursor

- Project Options / Audio shows two incidences of the same Audio Clip with different Start Time / Duration etc

- Either Split Portion can be dragged along the Timeline or into a new Track
