

# The Tools Menu

\* This menu is accessed via the “Tools” button at the bottom of the Objects and Animation Editor screen.

## Show Grid

- Displays a configurable Grid over all slides in the Objects and Animation window
  - This duplicates the Show/Hide Grid control and its Grid Options window
- Show Global Times of Key Frames :
  - When ticked shows the Key Frame times from the beginning of the project.
  - When un-ticked, Key Frame times are show from the beginning of the slide
- Key Frame Width :
  - This enables the width/thickness of Key Frames to be adjusted.
