

Text Preview

- In Objects and Animation you can preview the appearance of different fonts in your text box as follows:
- Click on the FONT NAME Button and in the Dropdown Menu HOVER the mouse over a Font

The screenshot displays the PTE AV Studio interface. At the top, the window title is "Objects and Animation (Slide 1 of 1)". Below the title bar is a toolbar with icons for various functions. The main workspace shows a background image of a tiled floor with a central star pattern. A text box labeled "Text" is overlaid on the tiles, with a red arrow pointing from the font menu to it. On the right side, a font selection menu is open, listing various fonts such as "Bahnschrift SemiBold SemiConder", "AR DECODE", "Alexa Std", "Bodoni MT", "Arial", "Agency FB", "Algerian", "AR BERKLEY", "AR BLANCA", "AR BONNIE", "AR CARTER", "AR CENA", "AR CHRISTY", "AR DARLING", "AR DELANEY", "AR DESTINE", "AR ESSENCE", "AR HERMANN", "AR JULIAN", and "Arabic Transparent". Each font name is accompanied by a "Sample" text preview. The bottom of the interface features a timeline with a play button, a "Text1" label, and a "0.000" value. At the very bottom, there are buttons for "Project Options", "Slide Options", "Preview", "Ful", and "Tools".
